President's Message - January 2019

Well, can you believe yet another year has flown by?? And does it seem to any of you, as it does to me, that the years are getting shorter?? Well anyway, at least by the end of the month the days will be a little longer...more time to quilt!!

As I sit here writing this, I'm watching old episodes of *The Big Bang Theory*. For some silly reason we've never followed it before, and I am amazed at the concept, the writing, and how the cast plays their parts—it's a talent I've certainly never had! To bring so many smiles to so many people must be a wonderful thing. But then it occurs to me that we are sort of the same. Maybe not exactly Hollywood, but on any given Thursday or at any Show & Tell, the air is thick with ideas and skill and energy and laughter. We really are an exceptionally creative and talented group, and I look forward to enjoying the results of all of that throughout 2019.

I cannot end this message without expressing my sadness at Mary Lou Morden's death earlier this month. She had a huge personality, boundless energy, and a wicked sense of humour. And we will miss her.

Happy New Year to all of you,
Jan Hill

Appliqué is commonly practiced with textiles, but the term may be applied to similar techniques used on different materials. In the context of ceramics, for example, an appliqué is a separate piece of clay added to the primary work.

Mercerisation is a treatment for cellulosic material, typically cotton threads, that strengthens them and gives them a lustrous appearance. The process is less frequently used for linen and hemp threads.

QUILT SHOW NEWS

Happy New Year!

We hope everyone had a good Christmas and is looking forward to lots of quilting in 2019.

We think all of you know (except perhaps the real newcomers) that we are planning to hold a Quilt Show during the May 18 - 20, 2019 long weekend to mark the occasion of our Guild's 35th Anniversary. We hope everyone is keen to be involved. There are many jobs available....no experience needed. It's lots of fun and an opportunity for all of us to work together. Thanks to those who have already approached us to volunteer as team leaders.

Everyone is invited to attend an information meeting on **THURSDAY JANUARY 11th @ 1:00 pm.** We'll start planning, discuss the volunteer positions, and answer any questions.

Let's all get involved to put on another great show!

BOOK REVIEW by Lois Warner

Radiant Landscapes - Transform Tiled Colors & Textures into Dramatic Quilts

Gloria Loughman

C+ T Publishing 2013

Guild Library #478

Many of us know Gloria Loughman as a result of the wonderful evening when she entertained us with her life and quilt story in early June last year. She had been teaching at the CQA show in Vancouver previously. Perhaps some of you attended one of her workshops? Gloria has visited the Valley several times, and a few years ago taught a two day workshop for the guild. She certainly keeps a variety of techniques in the forefront, her latest book concentrating on architecture. Landscapes using paint and thread (Luminous Landscapes), exploring shape and color in surreal objects (Quilted Symphony) and thirdly "Radiant Landscapes" are, or have been, in our library for several years. "Radiant Landscapes" takes us back to landscapes, but with a twist. The backgrounds are created with richly colored 'tiles' (think a colorful wall of bricks and mortar).

Rather than sewing each square, diamond or rectangle in place, Gloria fuses them onto background fabric, leaving a space around each 'tile'. Often the 'tiles' are cut from variegated fabric, rather than from a variety of fabrics. In this way, you can achieve, perhaps, a realistic sky which is deep blue at the top and becomes lighter as you get to the horizon.

The foregrounds are generally constructed using freezer paper templates with turned under seam allowances. You could also fuse them in place. The foreground segments are stitched in place using an invisible applique or blind hem stitch. Lastly, detailed foreground objects, such as trees, are fused in place. Quilting is done "as you go". Once the 'tiles' are fused to the background fabric, the quilt sandwich is assembled and each 'tile' is stitched in place through the three layers. When invisibly appliqueing the foreground segments, you are also quilting through all layers. The foreground highlights (eg. trees) are also stitched permanently in place using matching thread. Additional quilting/painting with thread can add grass, more branches, grain lines of tree trunks - whatever you wish to achieve the desired result.

"Radiant Landscapes" contains a wealth of information. From a discussion on sources of inspiration and sketching your design to planning the details of your quilt, Gloria also presents ideas on the effective use of color. A chapter on fabric selection leads into creating your own fabric through dyeing or painting fabric. Finishing techniques are well illustrated. Gloria is well known for her extremely narrow borders and wide bindings, all shown clearly with photos and instructions.

Detailed instructions and a lot of photos make this book a winner. Not only are the projects interesting, but with fusing and 'quilt as you go', this book shows that an eye catching quilt can be produced with less time and effort than by traditional methods. A number of our guild members have made quilts using this technique, either from kits or from this book. All are stunning!

CAMP HOMEWOOD RETREAT

February 13 - 17, 2019

4 days - 11 am Wednesday - 11 am Sunday

A 3 day sign up is also possible if you can't attend for 4 days

Sign up now!

Depending on sign-up numbers we will also have the option of opening up the guesthouse for more private rooms. For further details concerning the guesthouse please speak to one of the retreat coordinators listed below. The cost per individual for the **four** days will range from \$265. to \$349, depending on the room you choose. The starting range of \$265 includes the three non-updated private rooms in the guesthouse, as well as bunk style dorm rooms in the main lodge which sleep up to 7. However on average there are usually anywhere from 2 to 5 in these rooms. Individuals in these rooms have shared bathroom/shower facilities. There is a separate handicapped washroom available to any that may require ease of access to toilet or shower. There are also newer rooms available which sleep up to 3 and have their own washroom, including shower/tub. These rooms are either \$293 with 3 sharing the room or \$307 with only 2 sharing. All prices include 3 meals a day along with snacks in the evening consisting of cookies/squares, fruit, coffee, tea, and hot chocolate. The meals at Camp Homewood are excellent . . . and you will never walk away hungry!

If you have never been to a retreat at Camp Homewood we urge you to give it a try. It is a lot of fun and a great way to get to know your fellow quilters. Over the past couple of years we have seen a number of quilters who have attended retreat for the first time, and we continue to see more of them becoming regulars. If you wish to sign-up or for further information please contact one of the retreat coordinators listed below. Our contact details can be located on the guild website under "retreats" or by viewing the membership list.

For those of you who plan ahead the 2019 fall retreat is scheduled for October 16th – 20th, 2019. We look forward to seeing some new members as well as all of our regulars at one of the upcoming retreats.

Making a quilt with a serger has some benefits. One of the main benefits is you will be able to complete your quilt in less time than conventional methods of quilt-making require. When you make a quilt with a serger, you are completing the entire quilt, batting and backing layers at the same time, making any finishing steps unnecessary. Learn how to make a quilt using a serger and begin and finish a quilt in a short amount of time.

Miss Fussy Cut will be most happy to answer any of your sewing and quilting questions. You'll find her mail jar on one of the shelves in our back room.

Dear Miss Fussy Cut,

Remember that Nancy Drew book where she discovers that secret message written in invisible ink? I loved that one! My friend Melissa did too and pretty soon we were writing phoney notes back and forth with the "real" messages hidden. Great fun! Well, at least it was, until our other friend Gillian figured out the one that was about her. Not good!

I'm a little worried that it might be payback time.

You know those Friction pens? Holy smokes!

I love those things. I use them all the time without a care in the world. Even my mistakes just steam away! Well, now I hear that the marks just might come back to haunt you - sort of like Gillian at a high school reunion.

Do you know anything about this?

Yours worriedly,

Tired of Mom's snide comments about the cost of lemon juice.

Dear Miss Lemonade,

Oh yes isn't it all fun and games until your secret is out, or you get caught!!

Well I would like to say "no worries" in regards to the Friction Pens, but you must never trust anything until you have tested it on your fabrics. They do come out with the iron and I have only heard of the marks reappearing if placed in extreme cold. And my dear friend Molly Marker, no longer trusts them without testing because when she marked a quilt with one of these all the lines quickly disappeared except the line down the centre. Go figure!###%#. Therefore as always preached before, be sure to pre test and maybe do not use this method of marking for a Show Quilt.

Sew... just like in the case of Gillian always be sure to check to be safe!

Miss Fussy Cut*

For many of things you find on the internet, it's difficult to find the original source.

If you are submitting something regularly to the newsletter, please send a new file by the due date of the 15th of each month of exactly what you would like to have in your section. There are a couple of reasons for this request:

- It's very time consuming to search through old files and working to a deadline does not allow for this. Most of the last minute changes that have had to be made before the newsletter is published are the result of outdated or inaccurate information being repeated, and sometimes these issues are missed. It's easy to overlook these issues when you are not part of the committee.
- Committee heads are the best people to help ensure that the newsletter information is accurate, complete and up-to-date.
- Many members have stated that they stop reading articles that are repeated month after month.
- *The editor will no longer be going back into old files to pick up old information. It just doesn't work well to do that.*

Cookie Pan Greek Chicken with Lemony Potatoes

There are many recipes on the Internet for Cookie Pan dinners; some you add items to the pan half way through cooking. Others you put everything on at the same time. The whole idea is to cook everything on the same pan, thus minimizing clean up afterwards. In this recipe, you put everything on the cookie pan at the beginning.

Note: use a cookie PAN – one with sides, not a cookie sheet – no sides.

A friend gave me this recipe, I have adapted it, changed some items and added others. Feel free to do the same.

Makes 4 servings

- 8 bone-in skin-on chicken thighs (if you don't like skin, take it off)
- 4 medium sized potatoes or equivalent, washed and cut into 3/4 inch slices
- 3 cloves garlic, crushed or minced
- 3 tablespoons olive oil (or less, more if you go skinless)
- 1/4 cup Greek seasoning (found in spice section of store, alongside Cajun seasoning, etc)
- 1/2 teaspoon each salt and pepper (salt optional)
- 1 lemon, cut in segments, rind on
- 4 cups arugula, washed

OR

- 4 + cups spinach, washed

OPTIONAL

- 1 handful cherry tomatoes – or 2 regular tomatoes quartered
- 1/4 cup sliced black olives

1. Preheat oven to 450 degrees F. (yes, you read it right) Line cookie pan with parchment paper. (Foil would make the outside cook too quickly)
2. On prepared pan, toss chicken, potatoes, garlic and olive oil together to coat.
3. Arrange in a single layer and sprinkle with Greek seasoning, salt and pepper.
4. Add both the lemon, cut side up, and the tomatoes.
5. Roast, rotating pan halfway through, until chicken juices run clear when pierced and potatoes are tender, approximately 35 – 40 minutes. Remove lemon (and keep to one side)
6. Add arugula or spinach and toss together. This greens will wilt somewhat when mixed in.
7. Put into a serving dish and squeeze lemon juice over the top. (Easier said than done! Use tongs or put it in a strainer and squish with a spoon.) Discard lemon.

Enjoy.
